WINN BROKEN

Adelphi Literary Society of the Maysville High School Defeated the Athenaeum in Very Exciting Contest.

The Adelphi Literary Society of the Maysville High School defeated the Athenaeum Society last evening in the eighth annual contest between the two. The judges had a difficult time in making a decision as the two were very close.

This is the first win of the Adelphi Society for five years, the opposition having carried off the honors during that time. The societies were founded in 1909 by Miss Nell Sutherland, now of the Ashland High School, for the purpose of giving the students instruction in literary work. During the first few years each student was expected to appear once during the year, but after the High School had grown to the present proportions it was seen that this could not be done. The members of the Freshman Class were exempted for appearing on the stage during the year, although they are members of the Societies and have full powers of voting in all elections.

The contest last evening was said to be the best ever conducted between the societies. Every one on the program did his or her best and the result was a very close contest. During the interlude, while the judges conferred as to the winners, the Junior Class of the school had a little playlet, "The Ham That Saved the Homestead." The parts were well taken and the swatch provoked much laughter.

With the decision of the judges, Miss Hilda Threlkeld, Messrs. S. F. Reed and Clarence Mathews, the members of the Adelphi Society went wild. Their long string of defeats had been broken and their vociferous shouts made it seem as if all of the gods of noise had broken loose.

DIED AT HOSPITAL

Mr. Dan Gullfoyle of the Mayslick neighborhood died at the Hospital last night about 9:30 o'clock after being in that institution for about a week. Mr. Gullfoyle was on route to his home from Martinville, Ind., and upon arrival here was in a too serious condition to continue the journey. The body was taken to the undertaking parlors of Higgins, Slattery & Dwire, where it was embalmed. The body was taken to the home this morning.

OLD SETTLERS REUNION

Will Be Held at Ruggles Campgrounds On July 4—Annual Event Being Eagerly Looked Forward to by Many Maysvillians.

The Old Settlers' Association of Mason, Fleming and Lewis counties will celebrate the Fourth of July with another of their big picnics and reunions at Ruggles Campgrounds. These annual reunions are becoming more popular and are attended by larger crowds each year. Here the old settlers meet for a day of real pleasure in social mingling, the young people for a jolly good time, the politicians to meet the voters, the women to spread the big chicken dinners for the whole bunch to devour—in a word, it is just one of the best picnics in this section of the country.

On account of present world conditions the Board of Directors think it best to make the day this year ring true with the patriotic spirit. They have secured the Hon. James N. Kehoe to deliver the main speech of the day. This is a positive guarantee that a big treat is in store for the crowd. Two of Maysville's leading ministers will also speak during the day, the Rev. William Campbell and the Rev. S. K. Hunt, pastors respectively of the First M. E. Church, South and the Third Street M. E. Church.

The music for the day will be furnished by the large chorus choir and orchestra of the Third Street M. E.

The success that has attended this choir in giving cantatas and other musical programs insures good music for the day. They will be accompanied by Howard Trent the talented young pianist who has delighted audiences in many places with his brilliant playing.

The Fourth of July is an important date for another reason. The Campmeeting Board meets at that time to let out the various privileges, and to make final arrangements for campmeeting. As the campmeeting is to be favored this year with the presence of two of Methodism's leading bishops, Anderson and Hartzel, it will put new life into the bidding for the privileges and for cottages to camp in. Bills giving full particulars will be out in a few days. Look out for them and make your preparations to attend this one great big picnic.

ALL-AMERICA

Brazil is entering into an active alliance with the United States for the preservation of national honor and All-American democracy.

Brazil's courageous policy, added to that of Cuba and some of the small Central American countries, has had a powerful effect on Latin-America in general. Chile, which has heretofore professed only a mild form of benevolent neutrality, seems on the point of following Brazil's example. Says the Diario Illustrado of Santiago:

"Pan-Americanism and the Monroe Doctrine have a deeper meaning than ever before. Brazil has accused Germany of acts prejudicial of Pan-Americanism. Today it is Brazil; and tomorrow other nations will make the same charge. For the safeguarding of maritime traffic several nations will offer facilities to the United States warships engaged in this work. Chile will be as friendly to the United States as Brazil and Uruguay."

The official course of Argentina is still uncertain, but popular sympathy is admittedly in favor of supporting the United States.

It is evident that all Latin-America is now turning to this country in sympathetic confidence, and recognizing us as a champion of their own liberties from whom they have nothing to fear any everything to gain. The old distrust is gone. Even if a majority of the Latin republics do not actively join us in active warfare, we shall have the moral support and passive co-operation of nearly all of them. That is almost as valuable as active participation would be, while the war lasts, and a guarantee of pleasant and profitable relations after the war.

Pan-America is at last a reality. All America is a moral unit. The Western Hemisphere is wholly dedicated to democracy, and united in spirit to maintain it.

NEWSPAPERS AS VIEWED BY A SIGNER OF THE DECLARATION OF INDEPENDENCE

Henry A. Wise, chairman of the Conference Committee on National Preparedness, has sent to every United States Senator and Representative the following letter:

Dear Sir:

At this juncture may I not call your attention to the following quotation from "THE REVOLUTION IS NOT OVER," by Benjamin Rush, one of the signers of the Declaration of Independence, written in 1787:

"For the purpose of diffusing knowledge, as well as extending the living principle of government to every part of the United States, every State, city, county, village, and township in the Union should be tied together by means of the post office."

"This is the true non-electric wire of government. It is the only means of conveying heat and light to every individual in the federal commonwealth. 'Sweden lost her liberties,' says the Abbe Raynal, 'because her citizens were so scattered that they had no means of acting with each other.' It should be a constant injunction to the postmasters to convey newspapers free of all charge for postage. They are not only the vehicles of knowledge and intelligence, but the sentinels of the liberties of our country."

And yet Congress is trying to legislate many publications out of existence, and seeking to limit the circulation of all to their immediate vicinity instead of encouraging broad national circulation!

Two French bacteriologists contend that modern ventilating systems are dangerous to human health as they distribute disease germs in places where otherwise there would be but few.

About the only thing the Senators and Representatives appear to agree on is that they will not agree to anything the other fellow wants.

In Switzerland every citizen, whether he is a householder or not, is entitled to a vote on attaining the age of 20.

It is better to help the town accomplish one good thing than to point out a dozen poor ones.

At last the coal men are making it warm for the average citizen.

Make this town better and it will get bigger itself.

SUMMER HINTS FOR THE HOME GARDENER

Washington, D. C., June 6—Now that radishes, lettuce, and in some sections peas, spinach and other early crops are being harvested, home gardeners should be making their preparations to utilize the freed space by planting other crops, say specialists of the U. S. Department of Agriculture.

In planning for these plantings, the specialists suggest, it is well at all times, but especially this year, to concentrate efforts on the production of vegetables that have considerable food value and on those which may be stored in their natural condition, dried or canned for winter use. Late Irish potatoes is one of the important crops that can be grown on the freed ground. Navy beans furnish substantial food which is easily stored, and the present market prices make it worth while in sections where they thrive, to replant space from which crops have been harvested, with this legume.

Other vegetables having considerable food value from which choice may be made for late plantings include sweet corn, string beans, late beets, turnips, tomatoes, squash and pumpkins. As far north as northern New Jersey, southern Pennsylvania, central Ohio, central Indiana, northern Illinois and central Iowa, sweet potatoes also may be depended on to mature from plantings made as late as June 10 on sandy land.

Among the less nutritious vegetables which may be planted in soil freed by early harvests are late cabbage and cucumbers. Winter onions, fall lettuce and fall radishes also may be planted late in the season.

It is not essential, the specialists point out, to wait until all radishes, heads of lettuce and other early maturing plants are removed before planting seeds or setting plants for succeeding crops. Corn or beans, for example, may be started in spaces made in radish or lettuce rows, or between the rows. The radishes or lettuce will then be harvested before the late planted crops need all the ground. Equally satisfactory results can be obtained from the combination of other early and late vegetables.

ITALIAN GENERAL WILL STAY HERE TO REPRIT

Washington, June 5—General Guglielmotti, military attaché of the Italian war mission, will remain in this country after the departure of the mission to supervise the operation of a plan designed to solve the problems arising from the uncertain status of Italian men of military age in this country.

The question, raised upon the United States in the war, is one of the most important of the work of the commission with American representation.

Italy will not bring up the question of whether these men could serve in the Italian army, it is learned, and there will be no regiment of Italian-Americans sent to the front.

Through General Guglielmotti, however, the Italian government will endeavor to recruit here as many of its unnaturalized citizens as it can.

New York, June 4—Several arrests were made tonight when a crowd estimated to number more than 10,000 broke through the police lines and made a concerted effort to gain entrance to a hall where Emma Goldman and others were to speak against conscription and registration.

The police eventually drove the crowd back and restored order.

CONDEMNATION OF WAR BY AMERICAN PEOPLE REPORTED TO GERMANY

Amsterdam, (Via London, 8:50 p. m.) June 4—The Frankfurter Zeitung says: "Our special correspondent at New York cabled under date of June 3 that 'The American Secretary of War had said to the newspapers that the conscription law is such a revolutionary novelty to the American people that a certain amount of reluctance to join the colors is understandable.'"

The Frankfurter Zeitung thinks that this is a serious symptom and interprets it as condemnation of the war by the American people "not because Americans are more cowardly or more indifferent than others," it explains, "for the American is a born fighter and would cheerfully rush to arms if convinced that his country's vital interests, real honor or existence was at stake, but this conviction is evidently lacking."

The American is a born fighter and would cheerfully rush to arms if convinced that his country's vital interests, real honor or existence was at stake, but this conviction is evidently lacking."

CALLED HER FAMILY TO HER BEDSIDE

Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now She Is a Well, Strong Woman and Praises Cardui For Her Recovery.

Royce City, Tex.—Mrs. Mary Kilman, of this place, says: "After the birth of my little girl...my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me...but I got no better. I got worse and worse until the misery was unbearable...I was in bed for three months and suffered such agony that I was just drawn up in a knot..."

I told my husband if he would get me a bottle of Cardui I would try it...I commenced taking it, however, that evening I called my family about me...for I knew I could not last many days unless I had a change for

the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less...I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life...I have never had any trouble from that day to this."

Do you suffer from headaches, backache, pains in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial.

RUSSIAN COLONISTS REFUSE TO REGISTER AGAINST WAR

Phoenix, Ariz., June 5—Three hundred Russian colonists, trans-Caucasians, settled near Glendale, nine miles west of Phoenix, declined to register today. They are members of a religious order, the Molokans, a branch of the Douobars and have taken a vow against warfare.

United States Attorney Flynn is out of the city but assistant United States Attorney Langston said tonight that under instructions from the government previously received, he would lodge a complaint against the Russians without waiting for further instructions from Washington. Just before the close of registration tonight twenty of the Russians of the Glendale colony presented themselves for registration. More than 100 eligibles to registration persisted in their refusal to register.

TURKS CHANGE MINDS; TO DEFEND JERUSALEM

Stockholm. (Via London, 5:52 p. m.) June 5—The Turks have changed their mind concerning the defense of Jerusalem, according to information reaching The Associated Press from a fortnight ago the Turks had decided to evacuate Jerusalem without battle, provided the city was seriously menaced. It has been learned that this decision has been changed at the instance of the Germans and that the city will be defended.

MEXICAN BEGS CHANCE TO FIGHT FOR "TIO SAMUEL"

El Paso, Texas, June 5—Hundreds of Spanish speaking young men registered here today. Many are Mexican citizens who will be exempt from military service.

One Mexican, 39 years old, insisted upon being enrolled, declaring he wished to fight for "Tio Samuel" (Uncle Sam).

Four patrolmen guarded the international bridge to prevent slackers from going to Mexico.

SUCCESS OF LOAN CAMPAIGN CERTAIN IF PRESENT PEACE IS KEPT UP, SAYS MEADDOO

Washington, June 5—Secretary McAdoo, in a statement issued tonight at the Treasury Department, said the results of the Liberty Loan campaign thus far had been "immensely gratifying," and that "if there is no let up in the work success is certain."

Motion picture theaters have been supplied by the department with a film showing President Wilson dictating a message to the American people in his White House offices, followed by an appeal to buy Liberty Bonds.

Indians Subscribe \$18,000

Muskogee, Okla., June 5—Guardians for Creek Indians have subscribed for \$18,000 of Liberty Bonds and the Creek Tribal attorney said today that probably \$1,000,000 belonging to Creek minors and incompetents will be invested in the war loan. Practically all the money in the Creek's estates is derived from oil taken from their allotments in eastern Oklahoma.

A SECOND THRESHING

Lincoln, Neb.—Reports have been received that Nebraska farmers are re-threshing old wheat strawstacks and that some of them have made a profit of \$1 to \$1.50 a bushel from the operation. The wheat grades No. 2 and from straw stacks two to three years old some farmers have threshed one hundred to two hundred bushels. This kind of "conservation" started in the southern part of the state and has spread widely. Attention of county conservation boards and defense councils have been called to the probability of substantially increasing the food supply by re-threshing wheat straw and for the benefit of wheat growers a record will be kept of further results of the re-threshing.

A WORD WITH WOMEN

Valuable Advice for Maysville Readers.

Many a woman endures with noble patience the daily misery of backache, pains about the hips, blue, nervous spells, dizziness and kidney disorders, because of relief because she doesn't know what is the matter.

It is not true that every pain in the back or hips is trouble "peculiar to the sex." Often when the kidneys get congested and inflamed, such aches and pains follow.

Then help the weakened kidneys. Don't expect them to get well alone. Doan's Kidney Pills have won the praise of thousands of women. They are endorsed—Read this Maysville woman's convincing statement:

Miss Dora Edgington, Wood St., Maysville, says: "I have used Doan's Kidney Pills and from the results received, I have every reason to recommend them. At times, my kidneys have become weak and have been irregular in action. My back has ached, too, and has been very weak and lame across my kidneys. When ever I have used Doan's Kidney Pills for this trouble, they have never failed to relieve the complaint in a short time. I gladly advise anyone to get a box of Doan's Kidney Pills at Chaslor's Drug Store, if troubled in that way."

Miss Edgington is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Miss Edgington had—the remedy backed by home testimony. 50c all stores. 690 CHINAMEN ARE READY TO FIGHT FOR AMERICA

New York, June 5—Phillip Kee, a Chinese interpreter at the Ellis Island immigration station and proprietor of a Chinese restaurant has recruited 690 American-born Chinese for service in the United States army. It was announced here today by G. Murray Hulbert, a representative in Congress who has introduced a bill to accept the unit. Kee plans to increase his recruits to 1000 in number before offering their services to the war department.

Competitors have circulated a report that the Ford has advanced \$100.00. This is emphatically untrue and is done merely to help them sell an inferior car for more money. However, I am expecting every day to receive notice to advance the price. All orders are being taken with the privilege of cancellation if price advances. The company has notified me to mail all orders the same day they are placed. It is my opinion that all orders will be filled at present prices if orders are placed at once, but you should not delay the matter a single day. Place your order today and play "safety first"

NOTES OF SPORTS

Cincinnati—Although Pitcher Fred Toney of the Cincinnati Nationals is suffering from a mild attack of appendicitis, he will not undergo operation until the end of the baseball season. Dr. Harry Hines, the club's physician, said an immediate operation was not necessary.

Chicago—George Johnson, an umpire released by the American Association in line with its plans to keep down expenses during the war, is officiating at semi-pro games in the Chicago City league.

Detroit—Fielder Jones, manager of the St. Louis Americans, says that one of his ambitions is to spend a few days alone with Tyrus Cobb.

"I preach Cobb to my ball players day in and day out," he said. "Nobody knows any more baseball than Cobb and nobody learns more by experience than he."

Jones said he hopes to hold a baseball conference with Ty some day and go over every branch of the game.

Columbus, Ohio—Joe Tinker, president and manager of the Columbus club of the American Association, is to become a boxing promoter. Tinker has signed Bryan Downey, a Columbus welterweight, and Ted Lewis, champion of the British championship, to box here July 4. The contest will be decided in the Columbus baseball park.

Detroit — "Slit" O'Loughlin, the American League umpire, grew renitent while in Detroit recently. For the benefit of newspaper friends, the noted arbitrator, who has been umpiring for twenty-one years, figured that he had made 433,950 decisions in that time, and he says: "He never made a mistake."

cuss the subject. This, however, is what he said:

"I never made a mistake. And if I did I would be an idiot to tell of it. There are lots of times when the ideas of fans, as well as the athletes, differ from mine. But I know I am right because what I say sticks."

O'Loughlin figures that in the thirteen years he worked under the old single umpire system, he made 312,000 decisions and that since then he has decided 121,950 plays. He bases his calculations on the normal number of decisions usually made in a game.

Cleveland — Palling to arrange a deal for Sam Crawford, the veteran outfielder with the Detroit Americans, James C. Dunn, president of the Cleveland Club is on the hunt for a hard-hitting substitute outfielder whose name he refuses to divulge. Dunn

Miss Frances Gelsel, head of the Domestic Science Department of the Maysville High School, will receive a bachelor's degree in the Science of Home Economics at State University, Lexington, today. Miss Gelsel since taking the position here has kept up her studies at the University and was thus enabled to receive her diploma. WILL BE IN GOOD STANDING

At the regular weekly meeting of the Maysville Lodge of Redmen on Tuesday night, the members of that lodge voted to keep all members of the lodge in good standing who were drafted for service in either the United States Army or Navy. This was certainly a splendid move on the part of the Redmen as there will probably be several men drafted from that lodge, who would like to be kept in good standing during their absence from their native land.

YOUR PATRIOTIC DUTY BUY A LIBERTY BOND

Danger for the complete success of the Liberty Loan lurks in over-confidence.

The announcements in the press of large applications by institutions and men of great wealth are apt to engender the comfortable feeling that all will be well without the efforts of the small subscribers. This line of thought together with the idea that through over-subscription—minor allotments may not be made, must be dispelled from the mind of every patriotic citizen.

It is not sufficient that this issue should be merely a bare success. It must be a striking demonstration of the overwhelming strength of purpose animating all sincere friends of Liberty to bring the war to a speedy and successful termination.

The eyes of the enemy are watching this preliminary skirmish and our victory must be made effective by a truly popular subscription exceeding MANY TIMES the amount offered. It behooves every INDIVIDUAL to let his action be entirely guarded by the conviction that upon HIS ULTIMOST PERSONAL EFFORT depends the only result worthy of the great cause which all free men desire and INTEND to make triumphant. Hesitancy as to the importance of the amount available should not be allowed to prevail. The Bonds are in denominations as low as \$50, and all purchasers of one of these will contribute their quota towards swelling the volume of subscriptions.

No thought of the detail work attendant upon subscribing to the loan need deter. We will—as we have already stated—attend to that free of any charge. All that is necessary is that we receive notification of the amount desired.
